INTRODUCTION

As we approached 11 years of service in the community, all I could think about was the many lives we've changed and impacted over the years. Over 1,900 girls, women and families impact and it's because of the community coming together and creating lasting impact.

I'm looking forward to an amazing year ahead as impact has already begun to take place. Here's to more joy, impact, and equipping girls and women across the DFW area.

OUR MISSION

Empowering underresourced girls and women to thrive through education, mentorship, leadership and holistic support, equipping them with skills and resilience to have lasting success.

OUR VISION

We envision communities where under-resourced girls and women are economically empowered, lead with confidence, and drive change thriving through education, mentorship, and holistic support.
